Von Fern Michaels : Listen To Your Heart before purchasing it in order to gage whether or not it would be worth my time, and all praised Listen To Your Heart:

believable manner and the inconsistencies were jarring: a deaf child who must use sign language when introduced but who is hearing and talking a few paragraphs later being one example. And these New Orleans natives seemed to know next to nothing about their city! I don't generally read romance novels but I have to believe there are better-written ones out there. 1 von 1 Kunden fanden die folgende Rezension hilfreich. Listen to Your Heart Von Ein Kunde I found this book to be absolutely nauseating. It lacked attention to details and a plot. The characters were absurd. On the bright side, if you are from New Orleans, you will get a couple of good laughs. 0 von 0 Kunden fanden die folgende Rezension hilfreich.
