Von Dominic Green : Littlestar: A Science Fiction Comedy of Interstellar War and Virtual Gods: Space Opera on Mount Ararat (Smallworld Book 2) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Littlestar: A Science Fiction Comedy of Interstellar War and Virtual Gods: Space Opera on Mount Ararat (Smallworld Book 2) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. very special type of humorVon CustomerNot your average science fiction novel. More in the tradition of The Hitchhiker's Guide to the Galaxy. A wild ride with several parallel strings converging in a great space battle between mankind and robots, telepathic mud playing a key role in.I had a very good time reading it.0 von 0 Kunden fanden die folgende Rezension hilfreich. MarvellousVon Richard S. RoundhouseWell-written, thoroughly entertaining and very funny.I dearly hope we see some more from this madcap universe.Be sure to read Smallworld first!

KurzbeschreibungPraise for Smallworld by Dominic Green:"A showcase for Green's bone-dry satire and deadpan humour ... Green's agile imagination constantly wrong-foots the reader. A delight."-Peter Ingham, The Telegraph"The work of a talented writer having lots of very smart fun"-- S F Winser, Booksquawk.comLittlestar hugely expands on the universe established in Smallworld, with a space opera story arc that follows troopers Beguiled-of-the-Serpent and Only-Begotten as they become embroiled in the second star-spanning war against the Made.Man, a bigoted species brooking no other intelligent life but him- and herself, is spread across a thousand worlds, ruled with a designer-gloved fist by Leader Otilia Vos. The Made, intelligences both biological and technological, were engineered by human beings, then betrayed and hunted down by them. Now they are back, and this time, it's the Made who have the numbers.Some have no choice in being caught up in events - troopers Beguiled-of-the-Serpent and Only-Begotten, who took Leader Vos's shilling in order to avoid murder charges. Some don't think twice about choices - the tramp trader Prodigal Son, unhesitatingly ferrying war refugees back to Earth, mankind's only remaining stronghold. Some people's choices have to be thought through very well indeed - the outlawed dictator Button Humpage, wondering whether to assist the species that betrayed him.Humanity has some surprising allies, many of whom it formerly counted as its fiercest enemies. The biggest question, however, is - what is Littlestar? How did Button Humpage come to control it? And is it the secret weapon that can win the war?Fans of Douglas Adams and Stanislaw Lem will love Littlestar, as will readers of Galactic Empire Wars and Spaceballs, or indeed anything space opera or involving a robot uprising.KurzbeschreibungPraise for Smallworld by Dominic Green:"A showcase for Green's bone-dry satire and deadpan humour ...
