I Am YoursVon Ingrid Stephanie Jordan5 Stars Title: Living a LionSleeping LionsShifters Prime Book OneAuthor: Harmony RainesReviewer: Stephanie Jordan#Paranormal #LionShifter #RomanceWell this certainly is a different scenario for the shifter world. Let alone I was really interested in what and how the next chapter will work out. Ms. Raines had me by chapter two, and by chapter five I was sunk. Yes, I would very much recommend this book, I mean what would you do if everything you knew or was told was a lie.Kane Reinier lives with his uncle that raised him when his parents had died. Now Kane is a very rich and handsome man, who loves all the ladies. Different lady every night why not. But for a few days every month he would go and just lay and stare at the Moon. It made him feel at peace. Kane just found out he is a Lion Shifter he thinks, he doesn't know for sure because he has never shifted.This was because his uncle never told him,But why? Why all the secrets? Can he trust his uncle since for twenty years he's kept this secret.Amara loves walking in the moonlight she felt so relaxed and could think what she can do with this life she is having to live now. They put a collar on Amara, made of pure silver, with copper running through it to let her body, know she can't shift from human to lioness. I was gifted this ARC for an honest and truthful review.

KurzbeschreibungKane has been lied to his whole life. As the nephew of Darius Reinier, he thought he knew his place in the world, rich, eligible, he had his whole future mapped out. And then he finds out he is one of them. A shifter.Does he still have a choice? Can't he just hide from who he really is? Carry on as if the moon doesn't call to him, doesn't make him want to rip the flesh from his body and turn into what? What is he?She has the answers. Amara. Beautiful, curvy, dangerous. She will turn his world upside down, and also make it whole. If he can only find the strength to let go of his past and embrace his future. To become who he is supposed to be.After a bitter war, the world is split, shifters live on one side of the border, humans on the other. Any shifter who enters the human world must wear a collar, silver threaded with copper, to stop the chemical reaction triggering the change. They can own no property, and can never be treated as equals.This is the world Amara finds herself in when she has to pay off her father's debt. Despite having to wear the collar that keeps her lioness a shadow in her mind, she counts herself lucky, when her contract is bought by Darius Reinier. Her job working in his mansion is easy enough until the moon beckons and she is thrust into the life of Kane Reinier.But as she learns about Kane, she knows she has to help him, not least because it means she will be able to go back home to Shifters Prime, but because he happens to be her mate. Although he has no idea.Can these two strangers learn to live together, will Kane master the beast that lives within him, and can he find the strength to avenge his past? Find out in Living a Lion.Contains scorching hot scenes meant for adults only.KurzbeschreibungKane has been lied to his whole life.
