Von Cat Porter : Lock Key (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Lock Key (English Edition):

Kurzbeschreibung"Cat Porter NAILED it. This was a great, great book. So well written" - Lorelei James, NYTimes

USA Today best-selling author "A gritty, passionate telling of second chance love, of loyalty and moving on from your past. A tremendous debut novel from a very talented author!" - Totally Booked Blog"Lock Key gutted me! This one goes straight to my top faves because I will never forget these characters and their soul-touching love stories. This is not your typical biker romance." - The Rocks Stars of Romance"Grace and Miller's story is as gripping as it well crafted...an instant classic among hardcore MC fans." - The Huffington Post"Some of us have to get really dirty before we can become truly clean. Real life is messy and strange, and our ride through it left plenty of bruises, slashed hearts, a few lifeless bodies, and blood and smoke in its wake. But its our story, this rather mangled tale.Sixteen years ago I had survived my Old Mans murder.Never again will I surrender my heart.Never again will I sacrifice to the Club.But that all changed in one night.I returned home and crashed into him,and my past and present blew up in my face.Both of us lonely, running on empty, and unwilling to admit it.Until now.Now I feel things I'd forgotten about, want things I'd cut out of my insides.Love not only stings when you lose it, when its ripped away,When it first sinks its teeth into you, it can cut just as raw and sting just as deep.I'd forgotten that.This is also a story about the love between my sister and me, and our redemption through two familiesone bonded by blood, the other by brotherhoodthat tore us apart yet bound us together forever.Who holds the keys to betrayal? To suspicion? To trust?To brotherhood? To family?To redemption and a bleeding heart?Right now, I just might.*Please note this book has been re-edited since its release in June 20141 - Lock Key2 - Random Rare3 - Iron Bone4 - Blood RustSeries spinoff - FuryThe Lock Key series is a 4 book saga of a contemporary motorcycle club. Please note that these romantic suspense novels contain adult language, sex, violence and are intended for mature audiences.Kurzbeschreibung"Cat Porter NAILED it. This was a great, great book.
