Von Joe Hill : Locke Key Vol. 2: Head Games (Locke Key Volume) before purchasing it in order to gage whether or not it would be worth my time, and all praised Locke Key Vol. 2: Head Games (Locke Key Volume):

Kurzbeschreibung Collects all six issues of LOCKE KEY: HEAD GAMES, plus bonus materials! New York Times bestselling writer Joe Hill and artist Gabriel Rodriguez, the creators behind the acclaimed Locke Key: Welcome to Lovecraft, return with the next chapter in the ongoing tale, Head Games. Following a shocking death that dredges up memories of their father's murder, Kinsey and Tyler Locke are thrown into choppy emotional waters, and turn to their new friend, Zack Wells, for support, little suspecting Zack's dark secret. Open your mind-- the head games are just getting started!

Pressestimmen "A helluva comic... Locke Key: Head Games picks up where Joe Hill and Gabriel Rodriguez's last series left off... [and] you will not find a better single blend of stoytelling and artwork..." Blair Butler, G4 "Not only has Joe Hill kept the Locke Key franchise fresh throughout this second series, but at its end, Head Games actually trumps the initial stories in just about every way... Gabriel Rodriguez continues to assert himself as one of the premiere horror artists in the industry." IGN "With each and every issue this series just keeps adding layers to a story that is already full of charm and perplexity and charat not to mention gorgeous art that easily puts it in a league of its own... if only as comics could so completely transport their readers as readily and deftly as Hill and company with this book..."
