**Von Joe Hill : Locke Key Vol. 6: Alpha Omega (Locke Key Volume)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Locke Key Vol. 6: Alpha Omega (Locke Key Volume):

I won't say anything about the former "Episodes" of LockeKey. Who does not know by now what this is all about has been really missing out a lot, so far.I NEEDED to get ALPHA OMEGA in English, because I couldnt wait for the German edition to be released. I NEEDED to get to know what would happen,

how the story would end, if evil would be of success - and so many things more. I bought the entire series in English, and, by now, it is the third time that I engage myself with it. Boy! LK is so much of a whole lotta better in English than it is in German, you wouldn't believe. I can't recall having laughed out loud so very often whilst reading the German interpretations. Yet, I still wonder, if there is really so much swearing in AE average speech. Well, what the hey, who bothers? This item, Alpha and Omega, is definitely the best stuff I've read for a very long time. And, to my uttermost surprise, by the end of the book I felt fine and contented. I won't tell too much, but it's a final, that I can get along with quite well. Ha! Well! Better not calling down a well to wait for an echo to respond, ey? Boy, if you haven't already: go and get it. It is worth every - whatever currency you have to pay for it. Besides: Unlike other printed works from over the sea that I bought before (like Dicworld novels and stuff) ... those books from IDW are high class quality products. Awesome colours, rich in detail, tough, calendered paper. Honestly, a product to last for long, therefore, better treat it with respect. Don't you forget: there is a lot of magic in it. With best regards, and sorry for - well - my spelling and the way that I've expressed myself.

Von AssGruselig, blutig, spannend und das alles in tollen Farben und mit viel Phantasie erzählt! berall Twists und Winkelzüge, die man (ich) nicht erwartet hätte. Ich habe ungeduldig auf den letzten Band gewartet, und meine hohen Erwartungen - hervorgerufen durch die 5 Vorgänger - sind betroffen worden!

Aber in Wirklichkeit hat Dodge Bode Locke, den Jüngsten, aus seinem eigenen Kopf ausgesperrt und ist in die Familie abgetaucht. Doch nicht ein Versteckspiel ist sein Ziel und auch nicht einfache Rache an den Lockes, sondern ihm steht der Sinn nach etwas ganz anderem wesentlich weitreichenderem. Und dafür benötigt er viele, viele Menschen. Diese Ausgabe im Hardcover ist wieder wunderbar ausgearbeitet, mit hochwertigem Papier, Feinreliefprägung und einem Lesebändchen, so dass alleine schon das in die Hand nehmen des Buchs eine Freude bereitet wie auch der Inhalt, sowohl im erzählerischen, wie auch im künstlerischen Bereich. Eine sehr lesenswerte, in sich abgeschlossene Graphic-Comic-Serie geht mit diesem Buch zu Ende.
