Von Kerry Wilkinson : Locked In (Jessica Daniel Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Locked In (Jessica Daniel Series):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Locked InVon Jennifer90A solid thriller with three big flaws. Firstly, the author has no sense of comma rules or syntax variation. It is really annoying that, once you noticed them, the mistakes are repeated every few sentences. Secondly, the plot was weak, but fairly entertaining. Nevertheless, it puzzles me that nobody thought about the possibility that

the killer had keys to the houses. Finally, the coincidence that the murderer was ... was a bit too uncreative and predictable. All in all, the story is ok, but I've read far better. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Well worth 0,99cent Von knofi This book was easy reading and nicely written. Other people have said it is quite predictable but as I can never work out the ending of books I can't confirm this. I'm not normally one to read crime books but after this I'm sure I will be reading more. A real page-turner, with a very subtle humour at times. I would recommend it. If you are not British it also gives you an insight into the dry British sense of humour.

KurzbeschreibungThe first in the Jessica Daniel series, Locked In is the number one bestselling crime thriller from Kerry Wilkinson. When a body is found in a locked house, Detective Sergeant Jessica Daniel is left to not only find the killer but discover how they got in and out. With little in the way of leads and a journalist that seems to know more about the case than she does, Jessica is already feeling the pressure - and that's before a second body shows up in identical circumstances to the first. How can a murderer get to victims in seemingly impossible situations and what, if anything, links the bodies?
WerbetextThey think they are safe at home. Someone knows better.
