Von Carol Grace : Lonely Billionaire (The Billionaire Series Book 2) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Lonely Billionaire (The Billionaire Series Book 2) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Sweet but forgettable storyVon Helen HancoxAnother day, another Kindle eBook which was free of charge. This means that you can get anything from a self-published vanity story with little to recommend it to a really gripping story which you'd pay good money for.Lonely Millionaire fell somewhat in the middle. It was a predictable, sweet story with

almost the entire action focused on hero and heroine and their interactions. That's fine in a romance and helps us to learn more about the characters. Our female lead is Mandy Clayton, a woman who's had her heart bruised and who lives in a sort of seclusion running a guest house (to which few visitors come) and writes letters to a man in the Yukon, a millionaire who's searching for love. Mandy started writing the letters after her friend persuaded her to but has found herself getting more and more interested in the man to whom she is writing. When his friend Adam Grey comes to the bed breakfast to check out if Mandy is suitable wife material, Adam pretends he's just a random man from the Yukon coming to visit California. However, in trying to get to know Mandy he might find he gets more than he bargains for. I enjoyed reading this story although I found there were a few implausibilities along the way - such as the way Mandy allows her almost-complete-stranger guest to take over her house, the way both of them seem to behave romantically and then pretend nothing's happened, the Yukon Millionaire's off-on romance with another potential wife to suit the plot timeline and the way that Adam doesn't come clean when he really should have. The author was trying to string along the 'big misunderstanding' when I felt it had stretched beyond breaking point. However, for a free book I can't really complain.

KurzbeschreibungDear Mr. Lonely....Mandy Clayton never answered personal ads, but this was one she couldn't resist and now she was falling for a guy she'd never met. Adam Gray was not interested in a mail-order romance, but he was willing to write some love letters for his friend. Then he had to go "check out" the bride to be. Off he went on an undercover job at Mandy's Bed and Breakfast in a small California beach town. Adam was a good guy who always played by the rules, but one look at Mandy and he couldn't help it - he wanted her for himself! He wasn't there to romance his best friend's fiancée. He knew that. It would be wrong... He knew that too. What the readers say - "Could not put my it down." "A must read!" "Loved this book." About the AuthorCarol Grace is the author of over 35 romance novels. In her former life she worked as a translator and an ESL teacher. She has traveled the world from Africa to Singapore for work and pleasure. Carol speaks French whenever she can, and sails the seas on cruise ships. When not on deck sipping tropical drinks and brainstorming ideas for her next novel, she gives writing classes. It's a tough job but somebody has to do it. What do the critics say about Carol Grace?"Carol Grace is best known for her humor, witty dialog, compelling characters and touching romance." "Read one of Carol's books and you're transported to San Francisco Bay or a ranch in Montana or even faraway romantic Italy. Wherever you go, you'll find love in the air by choosing a Carol Grace novel."
