Als wir im Flugzeug nach Mexiko saen, stellte er fest, dass das Buch leider in der Bindung einen Fehler hatte. Nach Seite 23 folgte gleich Seite 125 oder so hnlich, um dann spter wieder bei Seite 24 weiter zugehen. Sehr schade!0 von 1 Kunden fanden die folgende

Rezension hilfreich. Ein enttäuschender Bolitar Von Klassik und Jazz Obwohl ich ein Fan der Reihe bin, hat mich hier der Plot enttäuscht. Hanebene Story, die eigentlich nur noch von den Personen aufrecht erhalten wird. Nächstes Mal besser Herr Coben! 2 von 5 Kunden fanden die folgende Rezension hilfreich. sehr gut, wie immer Von herbstliebhaberin von Harlan Coben habe ich noch nie ein schlechtes Buch gelesen, allerdings muss man seine Bücher auf englisch lesen, im Deutschen sind die Witze nicht lustig, sondern nur plump und dämlich

Kurzbeschreibung A woman from the past brings a whole lot of trouble... A brilliant Myron Bolitar novel from the SUNDAY TIMES bestselling author of SIX YEARS. Myron is summoned to Paris at the behest of an old lover, Terese. She is in unspecified trouble and needs his help. When he gets there, he discovers that her husband has been murdered and she is the main suspect. The interesting thing is that more than one blood-type has been discovered at the scene - and the other blood can only be attributed to her daughter. But she died 10 years before. As Myron and Terese try to find out exactly what's going on, they uncover more and more questions. Did the daughter really die? Did Terese's husband have a further child with someone else? But the truth is something no one expected... Rezension "...millions of Coben fans worldwide will love it." Bella "Bolitar fans will cheer their hero every step of the way."
