you believe? A lot of people don't, just think what would happen to you if every 6 years you would dream of death. Ms. Simas really is an excellent mystery writer. I swear with all the twists and turns then more twists and turns it unbelievable how real all characters seem. Phenomenal, I really got interested in this book. Jessica Myer had dreams, more like nightmares and they always were of people dying seeing three random girls die was hard enough but now what does she do. It's was her BFF - BJ Mac short for McKinley West owned Westec Security and Investigations it was a thriving business he had Delia for night fun and no way never is he getting married consequently children were out of the equation too. Jessica wanted to hire Mac to be an invisible body guard to protect BJ. When she told him about her dreams and the deaths, plus BJ was next crack pot came to his mind. Who believes in this mumbo jumbo crap? I don't! I was gifted this ARC for an honest and truthful review. Hero Rating 5+. Kurzbeschreibung LOOSE ENDS (A Sexy Thriller) (152,080 words) Every six years, Jessica Myer has a nightmare and someone she knows dies This time, inexplicably, more dreams follow at three-week intervals. Each time, a woman Jessie doesn't know is brutally raped and murdered. When she dreams her best friend will be next, Jessie comes up with the idea of hiring a body guard to keep her safe. McKinley West has no idea what he's letting himself in for. The moment Mac meets Jessie, there's something about her he can't resist, but that doesn't mean his corporate security firm will take on a two-day body-guarding job for a crackpot! Even he can't believe he hires on when she comes back asking a second time. The assignment is not the slam-dunk Mac anticipates. Jessie is summoned to the county morgue to identify her friend's body less than twenty-four hours later. Things aren't always what they seem... Despite repeated warnings to keep out of the investigation, Jessie is driven by guilt and her dreams to find out if the murders are connected to an article her friend was researching about sex ads in the local weeklies. Pornography. Snuff films. Drugs. Lies. Jessie becomes entangled in a web of deceit that grows more complex the deeper she digs. And then Jessie dreams of her own death. Mac is skeptical of psychic mumbo-jumbo, but he believes in Jessie. Will they be able to find the killers before Jessie's latest dream the one of her own death comes true?
