concept of a series based on wedding nights. Celeste and Lord Blackwood made me fan myself on several occasions. They were so passionate together. This was trully a very enjoyable read. I highly recommend it!0 von 0 Kunden fanden die folgende Rezension hilfreich. This is short, this is fun, this is sexy!Von CassandraA very interesting concept to write a story on these certain events. I didn't know the original story that led to this and it doesn't matter. You can read this new story on its own without missing something.And you don't wanna miss this one!

She is also the alter ego behind New York Times and USA Today Bestselling author, Raine Miller, who felt the call to venture into something fun and different while writing the WEDDING NIGHT DIARIES. The WEDDING NIGHT DIARIES is a series of behind the keyhole novellas featuring famous couples you may have heard of before, and some you probably have not, on their wedding nights no less, and beyond. Scorching encounters and sexy romps between couples continuing forward well after the last page of their classic novel and fairy tale was turned. There are many more pages still to go for the husbands and wives of the WEDDING NIGHT DIARIES. To be informed of new books, you can follow Vivienne on Facebook.
