Von Kyell Gold : Losing My Religion (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Losing My Religion (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Losing My ReligionVon KundeTo be completely honest: If you don't like stories with anthromorphic protagonists and adult themes better not read this book.Also you should be adult and okay with gay romance (even if the guitarist is

bisexual). Don't let any drawings foul you. But if you belong to the minority which likes all of the above, this story is really great. I especially like that all of the events are in a world quite like ours, but filled with anthros instead of humans. So there are differences because if you are half an coyote or an wolf and having fur, a tail and a way better nose you would have different priorities. Mr. Gold is really great in creating this world and filling it with interesting stories, so I also recommend to read his other books. The idea with naming every chapter after a REM song is really neat. A really interesting story to read with characters I would like to know more about, especially about Zeb's past.

Kurzbeschreibung Losing My Religion is the story of Jackson Alley, a coyote in an all-male R.E.M. cover band trying his hardest not to grow up. Tours, he feels, are for playing music and taking full advantage of the openness of his marriage, and having a gay wingman usually helped the bisexual coyote get girls. But his wingman is dating their lead singer now, so Jacksons left with the new bassist, an ex-Mormon kit fox named Zeb who might be gay, but knows as little about sex as he does about drinking. So Jacksons going to have to show him the ropes, and hopefully he wont have to learn any pesky life lessons along the way.
