Thrilling story without interruptionVon LesehestNiny Landry stands two hours before her holiday trip to Florida. She needs to do countless things - and if this would not be enough it is her birthday as well - but her daughter does not come home. The time is ticking and the mother is waiting for her daughter...I could feel the tenterhooks on whose the protagonist

the 40 years old Nina Landry is being all the time. And the story keeps exciting from the beginning till the end. The evidence on an video tape of Charlie's brother is the beginning of a desperate, active search. Nina gets more and more a tough, fighting person that discovers little by little all the secrets from her daughter and she realizes that she is not as close to her daughter as she should. The book is not only a thriller. It shows the relationship between a divorced mother and her teenage girl and how the mother fights against all the arguments of the police and the habitants of the island. She feels that something went wrong with Charlie, her mother's instinct. And finally she discovers a corpse of a 16 years old-girl...At the end the book gets more and more exciting and you also grope in the dark regarding the perpetrator. It is a good book although the story is absolutely not new but that does not really count because the thrill is being kept all through the story!

Von CrazyLittleGirlLosing you von Nicci French ist ein echt tolles Buch. Von Anfang an will man das Buch nicht weg legen weil man wissen will was mit der Tochter passiert ist und wie es weiter geht. Zum Schluss hin kann man das Buch dann einfach nicht weglegen weil es einfach zu spannend ist. Ein tolle Buch mit einem unerwartetem Ende. Kann ich nur weiterempfehlen!

Es bringt leider die absolute Wahrheit des Lebens ans Licht. Ich habe mit erlebt, wie ein kleines Mdchen verschwunden ist, spter ermordet aufgefunden wurde. Wenn eine Mutter unter auergewhnlichen Druck gert ist sie zu allem im Stande! Diese Geschichte ist also nicht fr jedermann geeignet, denke ich.

**Kurzbeschreibung**Losing You is a nail-biter of a thriller from the bestselling author, Nicci FrenchThe clock is ticking - and the search hasn't even begun . . .Nina Landry has given up city life for the isolated community of Sandling Island, lying off the bleak east coast of England. At night the wind howls. Sometimes they are cut off by the incoming tide. For Nina though it is home. It is safe. But when Nina's teenage daughter Charlie fails to return from a sleepover on the day they're due to go on holiday, the island becomes a different place altogether. A place of secrets and suspicions. Where no one - friends, neighbours or the police - believes Nina's instinctive fear that her daughter is in terrible danger. Alone, she undergoes a frantic search for Charlie. And as day turns to night, she begins to doubt not just whether they'll leave the island for their holiday - but whether they will ever leave it again.

From Publishers WeeklyStarred . A mother fights to keep her composure as she hunts for her missing child in this nuanced, literate thriller from the husband-wife writing team of Nicci Gerrard and Sean French (Killing Me Softly). Shortly before Christmas, Nina Landry, a divorced mother of two living on isolated Sandling Island somewhere in the south of England, is getting ready for a family vacation in Florida that will include her new marine biologist boyfriend. Blindsided by a surprise 40th birthday party, Nina is further disconcerted when her 15-year-old daughter, Charlie, who was supposed to help with the packing, fails to come home from a slumber party. Nina's seamless first-person account of the next 24 hours mines the frustration and feelings of helplessness that come with any investigation slowed by the rigmarole of police work. This engrossing read captures the importance of the often overlooked and underappreciated minutiae of everyday life while commanding a deeply personal reaction in readers. (Apr.)
