Von Sommer Marsden : Lost in You before purchasing it in order to gauge whether or not it would be worth my time, and all praised Lost in You:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Some serious chemistry here but too much drama.Von CoffeeAndBooks*** I have received an ARC via NetGalley ***I loved curling up on the sofa with Lost In You and a cup of coffee and forget the world around me :)The first meeting of the heroine Clover and our swoon worthy Hero Dorian was unique, they had to spend a lot of time together -alone-

in a newly built mall due to a raging storm and I felt like we got a fast forward in terms of romance and sex since both of them gave in to their mutual attraction pretty quickly. (Im not complaining, I will take steamy scenes with a big thank you every day) Why not 5 stars? I found the heroine, Clover, a bit frustrating and immature sometimes I just wanted to poke her and ask why? (or wtf) ; Plus, Im not a big fan of jealousy (and the bitchy woman who wants to steal the leading hunk play so many novels use), the resulting drama and break ups Seriously, dear novel characters do talk to each other. Please. But dont worry, there is a HEA I just wish that some of the drama couldve been avoided.

Kurzbeschreibung Trapped inside a luxury mall during a violent storm, small town girl, Clover Brite, is thrust into the arms of international playboy Dorian Martin. Lightning strikes inside the building as well as outside Clover is the site manager for the renovation of the Baltimore Rotunda and first meets the owner, Dorian, when the 'storm of the century' traps the two of them inside the luxury mall. Upscale stores surround them and all are available at the end of Dorian's keyring, and though money doesn't impress her much, they begin to fall for each other. Too aware of the differences between them and struggling with angst from her childhood, Clover flees back to her small town world. Dorian follows in hot pursuit. But will Clover realise that what happened that stormy night could lead to a future? But will Clover realise that what happened that stormy night could lead to a future? ber den Autor und weitere Mitwirkende Sommer Marsden has been called "Erotica royalty..." (Lucy Felthouse). Her numerous erotic novels include Boys Next Door, Restless Spirit and Learning to Drown. Sommer currently writes erotica and erotic romance full-time from her east coast home. The wine-swigging, dachshund-owning, wannabe runner author's work runs the gamut from bondage to zombies to humour.
