Von Helen R. Myers : Lost (Mira) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Lost (Mira):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. Did I read the same book? Von paula_k_98 Being on spring break, I only have so much time to read and I want to read the best in what time I have. I read the reviews on this book and thought, "Oh wow, this has to be a great book!" That isn't how I would characterize this book. It's not bad, but frankly, it's not that great. The plot goes something like this: Six years ago a young woman was brutally killed in her home. Flash to the present, another young woman disappears and a message is left on the school's walls "I'm back! 666." Sounds good. The book doesn't play up on this to the point that

I'm fascinated with the suspense. The heroine did have a different twist with her occupation and dysfunctional family. All in all, this book is ok but it's nothing to get excited over.0 von 0 Kunden fanden die folgende Rezension hilfreich. Disappointing.Von Ein KundeThe variation in reviews on this book are certainly evidence of a difference in expectations. Considering what I spent (little) and the publisher (Mira) I expected my money's worth. Even so, I was disappointed, because I also spent --wasted-- time on Helen Myers' predictable plotting, thinly-drawn characters and triteness. All of it, including the sex scenes, echoed other writers who have done it before, done it better. "So many books, so little time".... I wish I'd not spent any of mine on this book!0 von 0 Kunden fanden die folgende Rezension hilfreich. Helen Myers Never Disappoints!Von Laura TaylorI highly recommend this wonderfully crafted novel. The characters are unique, the plot distinctive, the pacing of the story excellent, and the satisfaction undeniable. As a veteran writer and editor, I can attest to the skill Helen R. Myers brings to her work. As a long-time fan, I applaud her ability to create entertaining, meticulously constructed, and thought-provoking novels. She sets a high standard that her fans appreciate and her colleagues should endeavor to emulate. I eagerly anticipate her next book, DEAD END. This gifted author is finally starting to attain the recognition she so richly deserves.

KurzbeschreibungWhen Faith Ramey's abandoned car is discovered, the town can't help feeling an unwelcome sense of dj vu. Police Chief Jared Morgan doesn't to believe there's a connection, but Faith's sister, Michaele, is beginning to suspect otherwise. She has sacrificed everythingincluding her true feelings for Jaredto ensure her younger sister's future. Now, losing Faith could do more than crush herit might destroy the entire community. As secrets and scandals are exposed, old fearsand newspawn doubt and suspicion. Is a sinister stranger lurking behind the murder and Faith's disappearanceor does something in Split Creek have blood on their hands? Only Michaele's fierce determinationand her trust in Jaredwill help her see the truth hidden in plain sight.KurzbeschreibungWhen Faith Ramey's abandoned car is discovered, the town can't help feeling an unwelcome sense of dj vu.
