I've not read anything by this author so I wasn't sure what to expect. What I got was a book with a murder, hot sex romance. I sat and read this in one sitting. Thoroughly

enjoyed this look forward to reading more from this author. Received from author in return for an honest review.

Kurzbeschreibung Whats going on? Micah asked gently. You say youre an escort and youre dressed like a wet dream come true. But you are embarrassed when I look at you. And when I offer to hire you, you turn me down flat. Furthermore, you were so frightened of me earlier that you hit me over the head with a frozen leg of lamb and yet now you are here, all curled up and cosy - in my bed I might add - when you could be halfway back to London or the nearest police station. I, I, Bryony stuttered. Its complicated. When Micah accidentally kills a major drug dealer, and Bryony is the only witness, Micah decides the only solution is to keep an eye on her while he makes plans to leave the country. However, when Micah and Bryony start talking to each other, things don't work out quite as either of them expect. Lost Weekend is a love story with a hint of murder and a heroine who decides she likes it best when she's on top.
