her sooner if this is any indication of her talent. As a veteran reader of all genres, it takes a lot to impress me. 'Love and Cherish' is an outstanding historical romance that is far and above the average romance tale. It is deep, emotional and full of courage and real love. The characters are wonderful and become like friends you feel honored to know. The plot is different, the villain in this story is a female; one of the all-time worst evildoers I can remember reading about. I hated to see this book end. I am anxious to read another by Garlock. Read this soon!!! Don't miss it!0 von 0 Kunden fanden die folgende Rezension hilfreich. It was simply overly sappy and unrealVon Ein KundeI didn't like it, I like mush, don't get me wrong but there has to be more than all this perfection - it was too sweet, nauseatingly almost. I'm sorry I just thought it was a pure waste. If you want a good romance read Paradise by Judith McNaught (it's contemporary) - or if you like historical read Once A Princess by Johanna Lindsey.0 von 1 Kunden fanden die folgende Rezension hilfreich. Absolutely wonderful, I could not put it down!Von Ein KundeI am glad the previous review did not stop me from picking up this little gem from the used bookstore. I had read "Forever Victoria" by Dorothy Garlock and ran out to find another book by this author right away. "Love and Cherish" by Dorothy Garlock was absolutely wonderful, I could not put it down, read it in one sitting. I felt the love and passion between these characters, that you sometimes do not find in a lot of romance stories. If you want an escape from reality and enjoy historical romances, then you will love this book. Do yourself a favour and run out and find this book, you will not be disappointed.
