of it I read (yeah, I know it is actually the first one ;-). But you see, there is no need to read them in order or even read them together at all.). Compared to the other books of the series I thought - this one is somewhat boring, going long way about the online dating (which was described accurate as I know it :-). But just in the moment I was thinking to give no more than four stars, maybe three, the wonder happened - I was moved to tears by the surprising turn. So romantic! So beautiful! So five stars are well placed on this one :-)! 1 von 1 Kunden fanden die folgende Rezension hilfreich. Se Geschichte Von Kerstin Positiv: +se Geschichte + nicht zu romantisch/kitschig + modern (online dating) + unterhaltsam Negativ: - das Buch/die Geschichte knnte ruhig lnger sein - Anfangs ist man mit 3-4 umgangssprachlichen Begriffen etwas berfordert.. Z.B Kter statt Hund.. aber man gewhnt sich daran - die handelnden Personen htten etwas ausfhrlicher beschrieben werden knnen 1 von 2 Kunden fanden die folgende Rezension hilfreich. absolutely amazing Von Ein Freund It's fun to read this book! Love always wins, even though you have planned for something entirely else! An absolutely lovely story - I even cried at the end! I can only recommend it and will immediatelly buy the other books of this series!
