Things like this don't really happen to girls like me. How could he be this perfect?"Love in Rewind It's a modern fairy tale! and not only that

is sexy, naughty and very passionate. Em and Louis have the happy ending of a whole fairy tale. But every fairy tale has its problems and the reality can be very cruel at times. But the real question is: their love be able to survive? the spark that brought them together will continue in their hearts?.... "If I close my eyes and rewind, it seems like yesterday" Oh my! Where do I begin?! First of all, the concept of this book is very original and does justice to the book. The writing style of Tali Alexander it's amazing! No kidding, this writer has a way to conquer through her words, it's soft but at the same time powerful and very sexy. Em and Louis. WOW! Hands down for these characters, their love is so intense *goosebumps* these two know turn up the heat in a heartbeat! The dynamic between them is so fluid, and in my opinion the details of age, made it more interesting. Em's personality and her love for this man... Ahh! speechless. It's the kind of love that we can only see in the movies, the kind of love that every girl waits all her life. I felt I was there with her, I was living every kiss and falling in love page after page. And of course, Louis Bruel! Where I can find a man like him, seriously?! He's like a prince, but a bit more sexy! and that mouth without mercy is something that was death to me. He is not a saint, womanizing is the right word for it, but after all his bad-boy facade, is an honorable and admirable man. And this is where I can say that these characters are truly mature. You can feel the change at each stage of their relationship, as they grow as a couple and share their lives in a very unique way and without losing the spark. They fight for their love, both strive to be together and be separated is never an option. "Louis Bruel felt right; he felt like a piece that was missing from my life" Love in Rewind, makes you see love in a unique and different perspective. Makes your heart swell with a quick love, and heats it with all the sensuality that is written on each page. This book was quite an experience and an escape. It makes you want to fall in love, no matter how fast or slow can be. Tali Alexander is an exceptional writer, her stories are certainly a fairy tale, covered with songs from the 80's that make you fall madly in love with each page. 1 von 1 Kunden fanden die folgende Rezension hilfreich. A must read! Von Kindle Customer This book is unlike anything I have read before. It starts in present day and then flashes back to the very beginning of Emily and Louis. We see how they met. We follow along on the journey of how they fell in love. Louis was a real bad boy but found himself unexplainably drawn to Emily. There is a bit of an age difference but Louis shows he is worthy not only to Emily but her family and friends as well. We see the dating, engagement, and marriage. The children and what life has become. Then flash forward to present day. I do not want to ruin the surprises in these pages but this is a definite must read. 1 von 1 Kunden fanden die folgende Rezension hilfreich. I've Been Waiting... For a Book Like This! Von The Literary Vixen *I received a copy of this book in exchange for an honest review* Love in Rewind by Tali Alexander is the totally rad 80's soundtrack to a very tubular romance. It's fun, sexy, and gotta love those 80's songs references! For Emily it was love at first sight. Louis is handsome and commands attention. When the two get together sparks fly but something from the past threatens their happiness. Love love this book!! I was hooked from the beginning. The characters were well written. Most I loved and some I wanted to slap. Besides all the awesome 80's songs, this was a really great story! I can't wait for book 2!! I give this 5 stars
