first time writer Lori Devoti, a writer with a lot of promise, I just adored this tale. Patsy Lee Clark is watching her small hometown of Daisy Creek go through what a lot of small towns do, they shrink and dry up because younger people think they have nothing to offer. Patsy is a lover of history, especially local history, but Patsy's no one's fool and plans to take 'the last train to Clarksville' before the wake is held for her beloved town. St. Louis - bright lights and employment waits the spunky lass. But just as Patsy is ready to pull up stakes and 'take the high road', Will Barnes returns to Daisy Creek. A Bill Gates-type tycoon that made a fortune with the Internet boom, he's found being a rich man and having a trophy fiance has not made him content with life. He is restless and wanting more. He enjoyed the challenge of setting up his INTERNET business, but feels life is passing him by leaving him empty. He leaves big city Chicago and seeks his roots - back in Daisy Creek. Instead of seeing Daisy Creek as nowhereville, he sees endless possibilities. He plans a new business, purchases a Victorian mansion and plans to fix it up. He delights in the females of the small town - especially Miss Patsy Lee. Only, she is still singing 'the last one leaving turn the lights out on Daisy Creek'. Will has a bit of 'help' in trying to change Patsy Lee's mind. Her aunt and gran are determined to aid him in capturing Patsy Lee's heart, and see their love being the key to saving the dying town. It's a loving look at small town life, obviously by someone who knows them. I love the zany characters that so richly paint Daisy Creek. I write that way so I appreciate a fellow writer who sees the beautiful textures and love to conjure such a charming town slightly out-of-step with this fast paced world. Utterly appealing and makes me to eager for more from this writer. A brilliant debut!

Von Detra Fitch Patsy Lee Clark has a passion for local history, weaves baskets to relax, and wants nothing more than to get out of little Daisy Creek in southern Missouri. Daisy Creek is a dying town and Patsy has no intention of dying with it. There is nothing in Daisy Creek worth staying for. Then Will moves back into town. Will Barnes sold his internet consulting business for plenty of cash. If he never works again he will never be able to spend it all. Will finally decides that he is going to do whatever it takes to make himself happy. So he breaks his engagement to money-loving Cindy and moves back to Daisy Creek. Will plans to begin a new internet business, but this time it will be fun instead of a chore. Yet as he is settling down in his "fix-er upper" old Victorian mansion, which the green-bean brigade of neighbors are determined to help him remodel, the woman he wants most is about to flee to a St. Louie job. **** This is Lori Devoti's debut novel. It slows down about mid way in, but not for too long. The secondary characters are spunky, Patsy's granny and aunt are scheming riots, and the author even added a couple of sub-plots to keep things moving forward. Well worth your time and money to pick up! **** Reviewed by Detra Fitch of Huntress Reviews.
