Von Michael Karner, Isaac Newton Acquah : Love Is For Tomorrow: Reunion: Short-Story (English Edition)
before purchasing it in order to gauge whether or not it would be worth my time, and all praised Love Is For Tomorrow:
Reunion: Short-Story (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 1 von 1 Kunden fanden die folgende Rezension hilfreich. A

promising opening for a thrilling new series Von Martin I love the international approach to this story, which is the opening to a new thriller series. The story is about a woman whose husband got killed in his line of work. He is not *really* dead, though, and needs to hide to protect the woman he loves. I usually don't read thrillers, so I am not sure how they are normally constructed. I simply love character driven stories and this short presented too many characters with too little background information to really get to know anyone, which can certainly be remedied in the subsequent novel. You could also say there was a tad too much telling and not enough showing in most parts, although this might be common in the thriller genre (?). Of course, being Austrian myself, the references to Austria and Vienna are certainly interesting. Loved the mention of Hallstatt, the Austrian Iron Age town famous for its salt mines. It's about time this town got featured in a novel! All in all 3.5 stars from me! 2 von 2 Kunden fanden die folgende Rezension hilfreich. Reunions aren't usually this fun Von MK Reunion is a sharp prologue that sets the scene for what one hopes will become a successful novel. The authors understand how to bring together fast paced action, romance and suspense in this colorful and well crafted short story that leaves the reader wanting more. The characters are introduced with just enough depth to hint at the tales of betrayal, revenge and nostalgia yet to be uncovered. I hope this wild ride soon finds the space it deserves as a novel. For now, take the little time it takes to be introduced to Antoine, his co-conspirators and their eventful one night in Paris. 2 von 2 Kunden fanden die folgende Rezension hilfreich. Great stuff Von displaymeaddicting storyline, easy to read and well-researched! Definitely worth to follow, as it already reminds me of those Tom Clancy or Robert Ludlum stories

Kurzbeschreibung In Paris, a secret meeting between the widowed Kerrie and a British investigative journalist turns into a larger reunion than planned - past lovers, spies and former Special Forces all present. But will this reunion uncover the mystery of her husband's death or bury it forever? "Intriguing", "action-filled" and "cleverly crafted", Reunion leads to the upcoming spy action-thriller Love Is For Tomorrow.
