I liked this book very much. It is my first book of this author and I hope there are other books of hers as good as this one. But first of all I should like to give you a short summary of the story. The book is about Lady Abigail Weston who wants to know what happens between a man and a woman when they are alone to be able to help her sister to find a good husband. As Abigail does not know it she has to ask someone for help - James Stevens. He is a man of the sort Abigail definitely should not look at, leaving alone talk to him about such delicate matters. But Abigail has not got any other option. So they meet regularly to discuss the subject of marital relations. But things complicate because of James's strong attraction to her, but he also wants to protect her from ruin and scandal. So he decides to keep distance. An inner struggle arises out of it James finally loses. He surrenders to his passion. But James knows that anything beyond a sexual dalliance is not possible because he is only the bastard of an earl and Abigail an honorable member of the society. On the contrary Abigail would make anything if he only would love her. But as she knows James is only interested in short dalliances. In consequence Abigail decides to enjoy every little moment they will have together. But what will happen when their relation comes to an end? Will both of them be able to forget? James really is a nice guy. I liked it very much that he was not as mindless and irresponsible as other characters sometimes are. Abigail herself becomes an independent woman who is determined to go her own way, disregarding society or their rules. Conclusion: a magnificent story that keeps you involved from the beginning

Kurzbeschreibung  
A resolute spinster at twenty-five, Abigail Weston is nonetheless determined to see her cherished younger sister wed to a man of Quality. But Abigail's lack of experience with the opposite sex means that she cannot allay her sister's fears about the marriage bed--unless she takes bold steps to learn what the intimacy between a man and woman entails. Yet the one man in London qualified to teach her awakens temptation Abigail never anticipated--to experience each whispered pleasure for herself...James Stevens--wealthy, dissolute, and wholeheartedly bored by London society--believes nothing can shock him. While Abigail's request for a verbal explanation of the pleasures of the flesh is mildly surprising, what amazes James is his powerful reaction to her innocence and lush beauty. A sexual dalliance between them may bring untold carnal bliss, but anything more would ruin Abigail forever. And for the first time in his life, James suspects that mere physical intimacy pales in the face of true love...
