Funny and romanticVon SabineI grew up with movies like Dirty Dancing, Sixteen Candles or Notting Hill and I still love to watch them. So there was no questions when I came upon this book that I had to read it. It was funny and it made me laugh and cry and swoon when Shane set up the stage for another unforgettable movie scene. I loved Kenzi and it

made me cringe how her mother treated her and never really saw her for what she was. Well, Bradley I never liked and same goes for Tonya but in the end everything was perfect and it made me want to watch all those movies again! :-)  
Great book

What girl wouldn't want to experience the Pretty Woman shopping scene? Its number two on the list. Or, try the lift from Dirty Dancing? Its number five. One list, ten romantic movie moments, and a handful of shenanigans later, Kenzi has to wonder should she marry the man her family loves, or risk everything for a love like the movies?
