and Stalker
Von Helen Hancox
This may be the first Allison Brennan book I've read but it became clear, as I progressed through it, that there have been other stories featuring some of the characters. Fortunately this didn't matter as I was given enough information as a new reader to follow the plot and to understand the relationships between various people, although some of the off-screen characters such as Duke and Jack felt very nebulous. The heroine of this story, Lucy Kincaid, was kidnapped and raped for online pornography. She ended up killing the rapist, his accomplice was imprisoned and Lucy moved on. Now, six years later, Lucy volunteers at a charity which helps to track down online predators whilst she applies to work for the FBI. She has tried to get over what happened to her and is making a new life for herself, living with her brother Dillon and his wife Kate. But Lucy is beginning to feel that she's being watched, and when she discovers that various online predators that she's been setting up have been murdered, things start getting more complicated. Might she actually be in danger again? This was quite a slow-burn book without a great deal of action for most of it. In fact, the section that you know is coming (Lucy being kidnapped again) seems to happen in just the last few pages. But that's not to say that this is a boring story - by no means. We watch Lucy working out her relationships with her brother and his wife, her former boyfriend and a possible new relationship with PI Sean Rogan. We also have a few sections from the point of view of the stalker which I actually felt the book didn't need - I would almost have preferred to be as in-the-dark as Lucy as events unfolded. But overall this was a good story and, although perhaps characterisation wasn't its strong point, and the large cast of players sometimes got a little confusing to me, I look forward to reading my next book by this author. Von -Kunde
In "Killing Fear" wurde Lucy Kincaid von skrupellosen Vergewaltigern entführt und durch ins Internet gestellte Livestreams bei ihren Misshandlungen und Vergewaltigungen gedemütigt. Zwar konnte sie durch die Hilfe ihrer Familie entkommen und ihre Peiniger wurden getötet bzw. vor Gericht gestellt, dennoch beschattet ihre Vergangenheit auch heute noch ihr Leben. Trotz allem scheint sie aber relativ positiv in ihre Zukunft zu schauen. Sechs Jahre nach diesen Ereignissen hat sie ihr Leben gut im Griff, will sich nicht unterkriegen lassen und hat sich sogar beim FBI beworben. Um ihren Lebenslauf zu verbessern, durchlief sie bereits diverse Jobs und Volunteariate. Zur Zeit arbeitet sie für eine gemeinnützige Organisation. Diese sucht im Internet Straftäter auf, die über Chatrooms ihre Opfer suchen. Findet sie bereits verurteilte Straftäter, die somit ihre Bewährungsauflagen verletzen, sorgt die Organisation dafür, dass diese wieder hinter Gitter kommen. Lucy findet heraus, dass die Täter zum Teil ermordet wurden. Dabei gerät sie auch ins Visier der Ermittlungen. Sie macht sich selbst auf die Suche nach den Gründen unterstützt vom besten Freund ihres Bruders, Sean Rogan. Lucy wird somit auch zur handelnden Person und nicht nur zum passiven Opfer, was mir sehr gut gefallen hat. Auch der Plot ist gut belegt, wenn auch manchmal durch überlappende Handlungsstränge nicht ganz einfach zu verfolgen. Zuviel will ich hier nicht verraten. Aber klar sollte auch allen Lesern sein, dass es sich um eine "Suspense Book" handelt, das Ende für die beiden Hauptpersonen ist also vorbestimmt.

Kurzbeschreibung
Six years ago, Lucy Kincaid was attacked and nearly killed by an online predator. She survived. Her attacker did not. Now Lucy's goal is to join the FBI and fight cyber-crime, but in the meantime, she's volunteering with a victims rights group, surfing the Web undercover to lure sex offenders into the hands of the law. But when the predators she hunts start turning up as murder victims, the FBI takes a whole new interest in Lucy. With her future and possibly even her freedom suddenly in jeopardy, Lucy discovers she's a pawn in someone's twisted plot to mete out vigilante justice. She joins forces with security expert and daredevil Sean Rogan, and together they track their elusive quarry from anonymous online chat rooms onto the mean streets of Washington, D.C. But someone else is shadowing them: A merciless stalker has his savage eye on Lucy. The only way for her to escape his brutality may be another fight to the death.
From the Paperback edition.
Pressestimmen
World-class nail-biter . . . Brennan is in the groove with this one.
Lee Child
