**Von Loren Lockner : Love Never Dies (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Love Never Dies (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Love Never Dies...LITERALLY.Von Al-Khemet Book ClubI truthfully enjoyed this book though I find it to be a very

disturbingly dark love story. One man's death signaled the beginning of a darker grim to come, and the girlfriend left behind is unable to move on until his rival twin brother shows up. He has been haunting her, and Julia does not know why until her brother-in-law reveals he was murdered and the mob responsible has her now on their hit list and only a computer disk could save her. She embarks on a desperate run with him against time and in the heat of danger sparks fly, they fall for each other and the brother's ghost whispers another warning from the grave, one Julia ignored, one that meant the difference between her life and death. This remarkably dark, suspense, drama, paranormal thriller is a must read. Al-Khemet Book Club, Mar 2015
