Von Bianca @BJSBB The book is told from 3 POV's. The 'main' character: Mari. Her husband Ryan and their teenage daughter Kendra. Then there's 8-year old son Ethan - he doesn't get to tell his side of the story Mari had a very unconventional childhood. She grew up with a

grandma who basically kept her away from the world. And not really in a good way. Mari was 'wild' - she couldn't talk and was horribly malnourished and underdeveloped when Ryan's Dad - a psychologist discovered and 'saved' her. He took her away and put her in a hospital where they did research on her. It wasn't all that horrible, at least she had food and was able to learn new things. A few years later he adopted her. Which destroyed his marriage and didn't help his already strained relationship with Ryan. But when Ryan and Mari first meet when she's 15, she falls immediately in love with the young man. And after Ryan's Dad died only a few years later, Ryan took over the 'responsibility' and married her. They've been pretty happy with their lives, but a stupid affair with a patient and her suicide some months later and the resulting lawsuit against Ryan are very hard on the family. Even though he doesn't really tell them the whole truth about it all. Ryan takes them all out of the city, back into the old farmhouse where Mari grew up in. He finally wants to write the book. The book his Dad never got to write. The book about his wife's life. WHAT WILL HAPPEN WITH MARI HER FAMILY ??? WILL THERE BE A HORRIBLE CLIFFHANGER?? I'm not telling you that of course _____ I REALLY LOVED THIS BOOK!! Phew. I don't even know what to write right now. This was such a different Megan Hart book. First of all - there's NO sex in this book!!! Only a little bit of kissing. But, while I love sex in my books, this one didn't really need it. LOVELY WILD was a story about a woman. A woman who used to be a girl. A girl that grew up different than other girls. And spending the first eight years of her life the way Mari did, turned this girl into the woman Mari is today. She's constantly checking the fridge and pantry to make sure they're not running out of food. She never wants to be hungry ever again. She's sometimes painfully honest and blunt, she just doesn't understand why people feel they have to lie or tell flowery halftruths. She loves her family - her kids are her everything. And her husband Ryan. That's a different thing - she loves him, but it's complicated. They're whole life together, from the moment they first met could be called weird. Legally they're siblings, since Ryan's father adopted Mari. After Ryan gets 'fired' from his job he takes the family back to Mari's old house. Because they can't afford to go somewhere else for the summer, and because he doesn't really know or tell us why he wants to go there - maybe to see how she reacts to the place, maybe he can use it for his book. The reader is not really sure about Ryan. Do we like him? We don't most of the time. But he's just a man after all ;) They make mistakes, and they regret. He loves his family with all his heart and we hope that maybe the family will get their happy end. Once they're in the old farmhouse things happen.... memories come back - people might show up.... secrets will be revealed... In her dreams, she is still wild.
