Von Lois McMaster Bujold : The Vor Game (Vorkosigan Saga) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Vor Game (Vorkosigan Saga) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. HUGO Winner, beat out David Brin's "Earth"Von Ein KundeThe year that this book was nominated, I attended my firstWorldCon, in Chicago. As I would be voting for the Hugo Awards, I actually read all of the nominated novels. This was my favorite. Later, I spoke with another nominated author(who was sitting near David Brin at the Hugo

Award Ceremony), told me that David Brin had already written his acceptance speech, and was quite surprised when someone else won...0 von 0 Kunden fanden die folgende Rezension hilfreich. Miles is at it againVon Ein KundeThis book won Bujold yet another Hugo award (She has the second most in history but yet few people have heard of her). As always Miles seems to be able to do the work of five people, but it takes him the work of ten to get into the military, his dream career on army mad Barrayar. His amazing wit, insight into the mind of his comrades and enemies (supplied by Bujold of course), and amazing intellect are as always seemingly eclipsed by his father's and grandfather's achievements. The characters may seem young and whiney to some but it actually shows them rather believably in my opinion. Gregor's world image was just subtly but still utterly shattered and forcibly rearranged. Miles has just had his resolve and self confidence weakened by problems on Kryil Island and with his superior officers throughout the service, his idea of his dream career in the military not quite working our right; but by the end he became the pushy self-confident force he becomes in the persona of Admiral Naismith. An all around great read, how can it be out of stock all ready?0 von 0 Kunden fanden die folgende Rezension hilfreich. also found as the third tale in young milesVon S*grin* i can't seem to stop praising Ms bujold because the vorkosigan series is truly one of the best series on earth! the vor game is the second major tale in the miles vorkosigan series following the warrior's apprentice and the short story mountains of mourning. again, we have a really funny miles novel. after graduating from the academy, he is sent to kyril island (cold hell on barrayar!) as a weatheman for the military base. again he gets into trouble (this is afterall, miles *grin*) and then we slip into the more substantial part of the book where he begins his impsec career and saves the day (and the emperor) with the dendarii. yes, miles is reunited with the dendarii in this book! great book, wicked humour, smart plot, engaging chracters. do try the vorkosigan series if you have never before. start with shards of honour (about miles' parents) or jump right in with miles in the warrior's arprntice or young miles(a collection encompassing the vor game). get it!

KurzbeschreibungHugo Award-Winning Sequel to The Warrior's Apprentice.New-minted ensign Miles Vorkosigan faces enormous challenges as he leads a mutiny against his military commander's criminal orders, rejoins his Dendarii mercenaries, and attempts to rescue Emperor Gregor after Barrayar's royal scion has run off straight into trouble. The Vor Game continues to attract new readers to this internationally acclaimed series that Publishers Weekly described as "among the most enjoyable and rewarding in contemporary SF." Bujold is not just a master of plot, she is a master of emotion. - SF Site Bujold is one of the best writers of SF adventure to come along in years. - Locus MagazineA superb craftsman and stylist, Ms. Bujold is well on her way to becoming one of the great voices of speculative fiction. - Rave sBujold has a gift, nearly unique in science fiction, for the comedy of manners. - Chicago Sun TimesSuperb far-future saga. - Publishers Weekly on the 'Vorkosigan' seriesBujold's "work remains among the most enjoyable and rewarding in contemporary SF." - Publishers WeeklyLois McMaster Bujold was born in 1949, the daughter of an engineering professor at Ohio State University, from whom she picked up her early interest in science fiction. She now lives in Minneapolis, and has two grown children. She began writing with the aim of professional publication in 1982. She wrote three novels in three years; in October of 1985, all three sold to Baen Books, launching her career. Bujold went on to write many other books for Baen, mostly featuring her popular character Miles Naismith Vorkosigan, his family, friends, and enemies. Her books have been translated into over twenty languages. Her fantasy from Eos includes the award-winning Chalion series and the Sharing Knife series. www.dendarii.com.deMiles manages to graduate from the Academy. His reward? A first post on Kyril Island, predicting and combating the local weather and his commanding officer's homicidal moods. His reputation and stunted form further battered by both, Illyan finds a way to combine (sort of) Miles's two lives as Lord Vorkosigan and Admiral Naismith--great for Miles, but a little hard on his commanding officers.KurzbeschreibungHugo Award-Winning Sequel to The Warrior's Apprentice.New-minted ensign Miles Vorkosigan faces enormous challenges as he leads a mutiny against his military commander's criminal orders, rejoins his Dendarii mercenaries, and attempts to rescue Emperor Gregor after Barrayar's royal scion has run off straight into trouble.
