Von Robert Kirkman : The Walking Dead Vol. 3: Safety Behind Bars before purchasing it in order to gage whether or not it would be worth my time, and all praised The Walking Dead Vol. 3: Safety Behind Bars:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Great deal for the collectionVon DruThe first compendium includes the first 48 issues or the first 8 volumes (depending on how you prefer to count), so the price is really good.I know many TWD fans have always liked zombies or comics or both, so it's probably worth mentioning that I'm usually not a huge fan of either: I tend to prefer vampires to zombies

and novels to comic books. However, I got into TWD because I've been a fan of Andrew Lincoln since he starred in "Teachers" (UK). I only watched the first episode because of him and was hooked straight away. I haven't missed a single ep and started reading the comics because I couldn't wait for the next series to start. Why mention this? Because I'd like to stress that TWD is very different from your standard zombie stuff. Even if you don't like zombies (or comics) in general, give this story a go. Yes, there are zombies, they are dangerous and disgusting and eat people. But TWD is so much more than that. It's about humans facing the apocalypse. It's about development in the face of death. It's about morals, loyalties, surprises and disappointment. It's about priorities in life and about how family isn't a question of blood. Yes, it's a comic, but if (like me) your main issue with comics is that there usually isn't enough of a story in a single issue, the compendium is perfect - 48 issues, that's roughly four years piled up into one book. The downside of getting into TWD is, of course, that once you've devoured all the 169 issues that are currently available, you will have to join the rest of us in waiting for about a month for the next one. Also, no need to worry reading the comics will spoil the tv show for you - the writers often change details, add characters or swap or change storylines just enough to keep both versions interesting.

Von Alexandra-Elena Iuga
Kein Charakter ist sicher und genau das kann man entweder lieben oder hassen. Wenn man jedes Band gelesen hat, dann sollte man keine Ausgabe verpassen.

Zombies und noch mehr Zombies
Von Alexandra-Elena Iuga
Aber auch andere Gefahren, die an jeder Ecke der Apokalypse lauern. Sehr empfehlenswert für jeden Fan aber auch für andere, die Zombies und wandernde Tote lieben.

Kurzbeschreibung Collects issues 13-18. An epidemic of apocalyptic proportions has swept the globe, causing the dead to rise and feed on the living. In a matter of months, society has crumbled: There is no government, no grocery stores, no mail delivery, no cable TV. In a world ruled by the dead, we are forced to finally begin living. This volume follows our band of survivors as they set up a permanent camp inside a prison. Relationships change, characters die, and our team of survivors learn there's something far more deadly than zombies out there...each other.
