Von Richard Price : The Wanderers before purchasing it in order to gage whether or not it would be worth my time, and all praised The Wanderers:

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Forget Elmore Leonard--this is the best dialogue writingVon Ein KundeThis is a perfect book. The best "street" dialogue I've read (and you don't have to be from the "street" to recognize its authenticity), and probably the best portrayal of "young adults." Yes, it does take place in the multiethnic Bronx (just before it got way more multiethnic) of the early 60s, but almost all Americans who have attended public high schools can easily identify with the types of

characters. And try to find a hardcover copy of the first-edition just to see Richard Price's 1974 author photo. He looks like a Black Sabbath roadie. 1 von 1 Kunden fanden die folgende Rezension hilfreich. Thumbs up... Von Ein Kunde
The Wanderers is great. I first read it after seeing the movie halfway thru...i found the book in the library when looking for english literature (i am located in Holland).... I read it...bought it...loved it....etc. The movie was already great...the book actually captures it... Exactly the same style...impressive... I got emotional with the draftscene in the movie....i think i cried when reading the book... i cried for sure when the Ducky Boys killed Turkey...1 von 1 Kunden fanden die folgende Rezension hilfreich. This is a great coming of age story. Von Caroline Dantschuk
I first read The Wanderers in my late teens/early 20's and loved it. I've reread it several times over the years (I actually replaced the original that I lost). I would highly recommend this book to people who enjoy stories about growing up and it's hardships, the early 60's, the music and style of that time and the harsh realities of approaching adulthood in the rough environment of The Bronx.

Kurzbeschreibung
A teenage gang comes of age in the 1960s Bronx. Written when the author was twenty-four, this story was the basis for a major feature film.
