KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. A whole different world...more like the real oneVon Ein KundeFinally an author who can write about gay people who aren't rich and living in New York! The result is much more interesting, and much easier to identify with for those of us who live in the real world (as opposed to the one described in gay magazines). The author describes life in a quiet Maine

community, where the heroine happens to be lesbian. Adventures happen, and even romance, but the characters are seen as part of a larger whole community, not separate from it. Good, believable, absorbing plot points. An excellent read. 2 von 2 Kunden fanden die folgende Rezension hilfreich. I couldn't put it down!!! Von terryfly@hotmail.com The author keeps you interested by pulling you into two unlikely companions' lives. There are so many different turns of events. It kept me on the edge of my seat! This is a great book that will leave you smiling for hours.
