Great story - Extremely bad most other thingsVon TeshThis book has a nice story and i find it well delivered and i would have considered giving it 4 or 5 stars if not for the following:Atrocious Spelling , bad punctuation , often lousy sentence structure and very often terrible translation.If you are someone who has a hard time reading a book when the quality of the text is bad, this book will make your eyes bleed and drive you crazy as you try to figure out exactly what

the author was trying to communicate. However as the price is not great i find that its an acceptable buy. 1 von 1 Kunden fanden die folgende Rezension hilfreich. Good book horrible translation Von -Kunde The book would easily get 4 stars with better english I am not talking about occasional typos. Almost every second sentence is grammatical incorrect. The author should demand his money back from the translation service 0 von 0 Kunden fanden die folgende Rezension hilfreich.
