KurzbeschreibungGRACE COLEBROOK HAS A WAY ABOUT HER THAT JACK BERENGER CANT FORGET.
. . .If theres one thing Grace Colebrook cannot tolerate, its hysterics. So when her fianc betrays her on their wedding day, she refuses to make a scene. She simply walks awaystraight into the arms of a powerful stranger. The morning after, regrets fly. But life gets truly complicated when it turns out that the man lives in the apartment below hers. Legendary ER doctor Jack Berenger is a man used to getting what he wants. And he doesnt want Grace Colebrookor so he tells himself when he cant get her out of his mind. Shes prim, passionate, and unpredictable, a far cry from the ice queens who usually catch his eye. But most of all, she breaks through the hard shell he has built around himself . . . filling him with a burning hunger to possess her. At once deeply moving and wildly romantic, two unforgettable people find each other in a world turned upside-down. Now Jack has one final chance to open his heart and prove he can be the sort of man a woman like Grace could love. . . .From the Paperback edition.From BooklistIt's a cold, deserted winter night when, restless and edgy, a man walks to his window and sees a woman sitting on a bench in her bridal gown, picking the petals off her bouquet. To his surprise, he finds himself bringing her a coat. Irresistibly drawn to each other, they barely make it back to his apartment before they end up on the dining room table. So begins the funny and moving story of Jack Berenger and Grace Colebrook. Jack can't get her out of his mind, and figures he'll never see her again. Grace can't get Jack out of her mind, but her recent behavior is not how she conducts her life, and she hopes never to see him again, except that he turns out to be her new neighbor. As Lee expertly reveals the personal issues that make Jack and Grace kindred spirits, she creates two of the most lovable and convincing characters to appear in recent romances.
