**Von Julia Justiss : The Wedding Gamble (The Wellingsfords)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Wedding Gamble (The Wellingsfords):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. brilliant debutVon Ein KundeA wonderful plot will wrench emotion from you. It will make you, laugh, cry, fall in love and keep turning the pages. Julia Justiss' characters speak and behave like real people. The situations they find themselves in are realistic, you believe that actual people would get themselves into such strairts. The period detail is accruate. Warning: this is a two-boxes-of-kleenex book. Very moving. I do wonder who 'Julia Justiss' is and what else she has written. This is a polished, professional performance, not the work of a novice.0 von 0 Kunden fanden die folgende Rezension hilfreich. Great book up to the point where Heroine becomes annoyingVon Ein KundeIn the beginning, this was a great book which kept me reading and not able to put down. However, the Heroine (Sarah) becomes rather

annoying after marriage to the Hero with her unshakeable sense of "DUTY". Also, the whole plot regarding the past love she was not able to get over and ignored due to her "duty" to her husband was pathetic. Almost everytime she ran into her lost love, she almost immediately ran to her husband for sex (please - get real!) Portraying the Heroine as such a lost, sad and tragic figure due to her lost love was BORING!! I liked the characters of Nicholas and Sinjin. However, although Sarah started out as a very likeable character, I ultimately ended up despising her for her misguided sense of duty, her inability to leave behind her lost love (especially since she had already admitted that she loved her husband) and her misuse/abuse of Sinjin. Why run to him when she has a husband more than capable of taking care of her? Especially at the end when she confronted Findlay? Why ask Sinjin to be there to help her and not Nicholas, her husband - but yet, she writes a really sappy disgusting goodbye love letter to her husband, Nicholas, describing where she is and what she is doing. Great book up to a certain point, then proceeds to become annoying and ridiculous. At one point, I was so frustrated and angry with Sarah that I wanted to throw the book away without finishing it. However, I made myself finish it and really wish I hadn't!!! Hope to see a book about Sinjin.

1 von 1 Kunden fanden die folgende Rezension hilfreich. A thoroughly delightful book!! Von Ein Kunde I enjoyed The Wedding Gamble so much. It was cleverly written--both sweet and steamy. The humor was wonderful and the author shows an immense knowledge of the Regency period. I recommend this book to anyone who loves a good Regency romance.

Kurzbeschreibung Sarah Wallingford Would Do Her Duty Even if that meant putting herself on the Marriage Mart during a London season she could ill afford--and did not desire. Now ironic circumstance had wed her to the compelling Marquess of Englemere, a fabled gamester, who had awakened passions she was honor-bound not to express! A marriage of convenience could be deucedly inconvenient--even for a marquess--when one was perilously close to loving his own wife! But that was impossible, Nicholas Stanhope knew, for hadn't his tragic past proven that women--especially wives--were not to be trusted?

ber den Autor und weitere Mitwirkende Long before embarking on romantic adventures of her own, Julia Justiss read about them, transporting herself to such favourite venues as ancient Egypt, World War II submarine patrols, the Old South and, of course, Regency England. Soon she was keeping notebooks for jotting down story ideas. When not writing or traveling, she enjoys watching movies, reading and puttering about in the garden trying to kill off more weeds than flowers.
