**Von Sophie King : The Wedding Party (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Wedding Party (English Edition):

Verwirrung-Verwicklung-Happy EndVon Kerri SenkerCooles Buch, wenn man's sieht denkt man sofort an Sophie Kinsella, aber der Schreibstil unterscheidet sich doch stark.Interessante Geschichte, die aus unterschiedlichen Sichtweisen geschildert wird, nicht immer sofort eindeutig - und gerade das macht das Buch spannend und auch sehr

lustig.

Kurzbeschreibung The romantic comedy about family, friends and getting married. Shortlisted for Love Story of the Year by the Romantic Novelists' Association. When Monique and Geoff decide to tie the knot they soon discover that love second time around brings special challenges. And not just for them. There are ups and downs for family, friends, the wedding planner, and even the vicar as the big day approaches. An absorbing, feel-good novel I really enjoyed it. Penny Vincenzi Geoff's ex-wife can't accept that he has moved on. Could a chance meeting help Helen come to the right decision about her future? Their daughter, Becky, doesn't approve of her dad's bride-to-be. But as she juggles motherhood and a high-powered career, will she realise it's her own marriage that needs most attention? Janie was sacked from her last job as a wedding planner for being so disorganised. Is she really the right choice to help the happy couple get hitched without a hitch? Mel swapped a job in advertising for a new life as a vicar. But can she keep her faith after an accident which turns her family's world upside down? Family and friends learn that the course of true love never did run smooth, and there really is no such thing as a stress-free wedding. But can they each still find their own happy ever after?
