**Von Cecy Robson : The Weird Girls: A Novella (A Penguin Special from Signet Eclipse)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Weird Girls: A Novella (A Penguin Special from Signet Eclipse):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Pure fun.Von Dr. S. DreckerI bought this one evening, needing a little entertainment, and I was not disappointed. This fast paced (and yes, I mean fast) story is packed full of witches, super natural beings, girls with attitudes, fight scenes and... and... and...I loved the main character from the first page. She's spunky, smart, loving, loyal and all those other wonderful attributes that a true heroine should have, but unfortunately, her magical secret makes her a little lonely. She sits in the shadows while her sisters get all the guys, wishing one might be brave enough to talk to her. But this

moping doesn't last long. Her sisters soon pull her into a huge adventure. This isn't a story that you can skim through or you'll get lost. Something happens on every page, making it impossible to put down. I simply enjoyed reading it.

Kurzbeschreibung Celia Wird and her three sisters are just like other 20-something girls with one tiny exception: they're products of a backfired curse that has given each of them unique powers that make them, well, a little weird. The Wird sisters are different from every race on earth: human and supernatural. When human society is no longer an option for them, they move in among the resident vampires, werebeasts, and witches of the Lake Tahoe region. Could this be the true home they've longed for? Um, not quite. After the sisters accidentally strip a witch of her powers in a bar brawl, they soon realize the mistake will cost them. Because to take on a witch means to take on her coven. And losing the battle isn't an option. Includes a preview of the first full-length novel in the Weirid Girls series, *Sealed with a Curse*, as well as introductions to the Weirid World, and a letter from the author.
