Von Anne McCaffrey : The White Dragon (Dragonriders of Pern) before purchasing it in order to gage whether or not it would be worth my time, and all praised The White Dragon (Dragonriders of Pern):

enough, but coulda been better. Von Ein Kunde I have read the first two books in the series, and I feel that this, the third, could have been better. It started off slow, and took a bit to get exciting, especially with the construction of the Cave Hold, Jaxom's illness, and his romance with Sharra. I had a couple of complains while reading it, though. For instance, why did she keep stringing along Jaxom and Menolly as a couple in the beginning of the book? It seems so obvious to me that she (Menolly) was jealous and curious about Jaxom's sordid love life with Corana, and even coupled them on trip to the Southern cove on the search for D'ram. Then, in the middle, she changes the whole relationship with the introduction of Sharra for Jaxom, and Sebell for Menolly. Well! I resented Sharra for the rest of the book, and Sebell, too. But otherwise, she made great strides in the series, keeping up an excuse to keep dragonmen alive on Pern. My only beef is, which book is next? 0 von 0 Kunden fanden die folgende Rezension hilfreich. This is an awesome book! One of McCaffrey's best! Von Ein Kunde This is a book for anyone who like to go "Oh my God. I figured it out before it happened!!!" By this, I don't mean it's simple to follow and completely predictable. I mean, if you like to put a little thought in what you're reading, this is the book for you. Anne McCaffrey has perfectly captured the relations of travelling through time. This spell binding book is going to draw you in and not let you out! I was reading this book and i just couldn't stop. If you like dragons, Anne McCaffrey's writing and pondering how things would happen as a result to time travel, this is the book for you!!! I have read many books in my few years and this is undoubtly one of my favorite. Who ever you are, this is the book for you! 0 von 0 Kunden fanden die folgende Rezension hilfreich. I'll never mock Fantasy again! Von David Rasquinha I always thought Fantasy with its Dragons and such like was strictly for kids and juveniles till by chance I picked up the White Dragon. Picked up and could not lay it aside. Perhaps I was wrong to begin in the middle, but now, even after reaing many of the series, White Dragon rmaines my favourite Pern novel. The story of Jaxom growing to manhood, with his doubts and worries, with Ruth, Menolly, Robinton and of course Sharra, with a continent to discover, Thread to overcome and a whole new world to open up was beyond all my expectations. I immediately began haunting bookstors for the rest of the Pern novels. I also promised never again to knock Fantasy!

Kurzbeschreibung Never had there been as close a bonding as the one that existed between the young Lord Jaxom and his extraordinary white dragon, Ruth. Pure white and incredibly agile, Ruth possessed remarkable qualities. Not only could he communicate with the iridescent, fluttering fire lizards, but he could fly. Back in time to any WHEN with unfailing accuracy. Nearly everyone else on Pern thought Ruth was a runt who would never amount to anything, but Jaxom knew his dragon was special. In secret they trained to fight against the burning threads from the Red Planet, to fly Back in time as well as Between, and finally their close and special union was to result in the most startling and breathtaking discovery of all...
