Von Sarah Harian : The Wicked We Have Done: A Chaos Theory Novel before purchasing it in order to gage whether or not it would be worth my time, and all praised The Wicked We Have Done: A Chaos Theory Novel:

KurzbeschreibungA debut authors darkly suspenseful take on New Adult romance--and a perfect read for fans of

Veronica Roth's *Divergent*. Twenty-two-year-old Evalyn Ibarra never expected to be an accused killer and experimental prison test subject. A year ago, she was a normal college student. Now she's been sentenced to a month in the compass room advanced prison obstacle course designed by the government to execute justice. If she survives, the world will know she's innocent. Locked up with nine notorious and potentially psychotic criminals, Evalyn must fight the prison and dismantle her past to stay alive. But the system prized for accuracy appears to be killing at random. She doesn't plan on making friends. She doesn't plan on falling in love, either. "Holy jawdropping creepy bots! Hot, funny, and terrifying... if *The Running Man* and *The Hunger Games* had a baby on steroids: this would be it. You will be glued to each amazingly horrifying page from beginning to end." Molly McAdams, *New York Times* bestselling author

THIS IS INCREDIBLE!!! I couldn't put it down! Suspenseful, romantic and thought provoking, *The Wicked We Have Done* had me rooting for criminals while pondering morality and questioning humanity. I can't wait for the sequel. Jamie Blair, author of *Leap of Faith* A heart-pounding thrill ride! *The Wicked We Have Done* will make you gasp, smile and cry an emotional rollercoaster in book form. I absolutely loved it! Susanne Winnacker, author of *Imposter*

Sarah Harian received her M.F.A. from Fresno State University. She currently lives in the Sierra Nevadas with her husband and their dog and swears she'll never live anywhere other than the forested mountains they're too inspiring. This is her first novel.
