Von Laura Harner : The Willow Springs Ranch Collection (Volume I) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Willow Springs Ranch Collection (Volume I) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Three lovely booksVon Kerstin LudwigI don't know why but they hit a nerve with me.Ty Hard: How to overcome personal hassles and fears - in order to get happy.Hold Tight: How to deal with a broken body - and someone who is determined to drag you out of your reverie.Taking Chance: Changing a life and getting a partner, both at the same

time. The only thing I would criticise is, that the books are a bit rushed. But other than that I loved it to read. Grammar and spelling was fine to me (I'm foreign speaker). 0 von 0 Kunden fanden die folgende Rezension hilfreich. Great stuff! Von Mickey I really enjoyed the stories of how these different men get together. Each one had their own story/problem/mistake and it was satisfying to see them get their HEA.

KurzbeschreibungThis eVolume contains the first three books in the Willow Springs Ranch Series:**Ty Hard:**Tyler has used Don't Ask, Don't Tell as a shield against the truth since he was seventeen. Now, Ty finds himself cut loose from his Navy career after months of rehab from a debilitating head injury. At a loss as to what to do with his life, he travels to Willow Springs Ranch in Arizona to visit his surrogate father, only to arrive minutes after his oldest friend's death. Ty must come to terms with the loss while he fights to keep the PTSD from pulling him under. The last thing he's ready to think about is his growing attraction for another man.**Rancher Cass Cartwright's** relationships never last more than a few hours, and that's just the way he likes it. Now he's in danger of doing the one thing he swore never to do: fall in love. Can Cass convince Ty to let go of his past or will sabotage at the ranch kill their love before it has a chance to grow?**Hold Tight:**Sheriff Holden Titus had organized his fresh start down to the last detail. Except for the part about the bomb that blew his plans all to hell. Now he's running out of time, without a job, without a home, and struggling to get back on his feet. Literally. Despite the impolite rejection, Drew knows he didn't have the wrong impression months ago when he asked the sheriff to dance, but he never expected to have Holden's life in his hands. Literally. Thanks to some meddling matchmaking, the two men are now temporary housemates at the Willow Springs Ranch and Drew is determined to help Holden heal, both physically and emotionally. Even if it means he has to drag the other man kicking and screaming to physical therapy and out of the closet. In fact, that might be kind of fun. The problem is, Holden doesn't consider himself in the closet but not all secrets are created equal.**Taking Chance:**Officer Chance Carter is pretty sure he'd still enjoy being on either end of a good ass reaming--just not the one from his supervisor that lands him on an involuntary extended vacation. Another holiday season with nothing to do except visit an old friend. Former hospital corpsman Bryan Mitchell doesn't feel less than honorable, but that's what his discharge paperwork states. Now he is down and out in Kingman, Arizona until the charity of a stranger lands him a temporary job for the holidays. When two federal employees go missing during a highly controversial wild horse roundup, the two Willow Springs Ranch newcomers are drafted to help in the search, but if rumors of a local anti-government militia are true, Chance and Bryan may be in serious trouble--and from something far more dangerous than their mutual attraction.
