Kosmisches Grauen ohne lcherliche TentakelVon NightrreaderWie schreibt man eine Gruselgeschichte, ja eine

definitive Horrorgeschichte, in der kein Gespenst, kein Ungeheuer, kein Altes Wesen von den Sternen vorkommt - in der praktisch überhaupt nichts passiert? So etwas schafft nur ein Meister wie Algernon Blackwood. So gefrchtet wie bei "The Willows" hab ich mich vor hundert Gespenstern nicht mehr. Da erscheint tatsächlich ein uraltes, kosmisches Grauen, aber glücklicherweise nicht in der Gestalt von Lovecraft'schen Tonnen mit Sternarmen und Stielaugen, sondern wirklich unfassbar - unbeschreiblich. Hätte ich einen Campingurlaub geplant, nach diesem Buch hätte ich ihn abgesagt! 0 von 2 Kunden fanden die folgende Rezension hilfreich. One of the best Horror Stories Ever Von Mano The Willows is not only Blackwoods outstanding masterpiece, but one of the best and most influential horror stories of all time. Not only Lovecraft was deeply influenced by this story.

Kurzbeschreibung Algernon Blackwood was a prolific writer across short stories, novels and plays. His passion for the supernatural and for ghost stories together with a fascination for all things in the occult and mysticism created some of the most enthralling works ever written. HP Lovecraft referred to his works as that of a master. Henry James in referring to The Bright Messenger said "the most extraordinary novel on psychoanalysis, one that dwarfs the subject." Many other authors similarly lauded him. Today his works are beginning to regain their former popularity. Here we publish one of his classic novels, The Willows, one of a number of books that any fan of the occult should read. Synopsis Algernon Henry Blackwood (1869-1951) was an English writer of tales of the supernatural. In his late thirties, Blackwood started to write horror stories. He was very successful, writing ten books of short stories and appearing on both radio and television to tell them. He also wrote fourteen novels and a number of plays, most of which were produced but not published. He was an avid lover of nature, and many of his stories reflect this. Although Blackwood wrote a number of horror stories, his most typical work seeks less to frighten than to induce a sense of awe. Good examples are the novels The Centaur (1911), which climaxes with a traveller's sight of a herd of the mythical creatures; and Julius LeVallon (1916) and its sequel The Bright Messenger (1921), which deal with reincarnation and the possibility of a new, mystical evolution in human consciousness. His best stories, such as those collected in the book Incredible Adventures (1914), are masterpieces of atmosphere, construction and suggestion.
