**Von Maggie Davis : The Winter Serpent (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Winter Serpent (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. A Marvellous tale of one woman's fight for pride!!Von Deborah MacgillivrayI love historical romances, but often bemoan the past few years where the majority of historical romances are 99% romance and 1% history. You often wonder why the writer bothered to set it in a historical era when they book is virtually a contemporary romance with a

horse tossed in for show. I love history as much as I do the sweeping passion, so I am delighted there are still a few writers out there that remember the HISTORICAL. Maggie Davis is one of the best historical romance writers around. However, I am shocked her historicals have often not gotten the attention they deserve. The Winter Serpent is heavy on history and it is absolutely amazing!! It is a gritty story of a Scot's lass, beautiful and strong-willed, who will let no man break her pride. Applause for Maggie Davis not taking the easy road, but sticking to a believable depiction of a woman of fire. So if you want more historical in your historical romance, this wonderful tale of the Scots, Picts and Vikings is just your cup of tea!

Kurzbeschreibung Doireann is the proud daughter of a Scottish chieftan, her beauty renowned through the land of her father, and yet she chose to remain unbound and alone, free from submitting to the desires of any man. As the tides of war and pillage reach her homeland, she finds herself sold into the hands of the fearsome Viking pirate Thorsten, the wild leader of the frenzied Norse Bear Cult. She must survive the humiliation of being Thorstens woman, through pagan rituals and violent battles, as only her pride keeps her from submitting to his passion . . .
