This book is like warm sunshine on the soulVon Ein KundeThis book is a great intro to the wisdom of Native Americans, as well as it offers such a nice collection of glimpses into completely different ways of life that can be created by human kind. Particularly touching also are the testimonials from Indian leaders showing how they practiced a culture and attitude of respect and constructive engagement with whites, only to be met often enough with a response of demented brutality and destruction of their people. Reading this book made me imagine what an exhilarating experience it must have been to live in societies where dignity and respect and bravery and a deeply holistic way of life with nature was the underlying matrix of society. What precious things have been lost with the genocide of indigenous peoples. It also made me think how nice it would be if Hollywood, TV, and pop culture instead of putting out their usual trash, went by rooting their production in the teachings such as those chronicled in this book. Readers may also be interested in "Lies My Teacher Told Me : Everything Your American History Textbook Got Wrong " by J.Lowen. Lowen tells in one of the chapters regarding Native Americans that at a certain point in time, colonial Europeans in North America had serious trouble in keeping many white people from running away from the Euro communities to join Native American societies. This book offers a glimpse as to why that would have been quite nice. Vera1 von 1 Kunden fanden die folgende Rezension hilfreich. All We'll Ever Need To Know ...Von Shirley CunninghamYou could - and many have - devote your entire lifetime to searching for wisdom and truth. The wisdom and truth found in the words of this book is all that any of us will ever need. Read it, be still, look deeply into your soul, and you will know.0 von 0 Kunden fanden die folgende Rezension hilfreich. A Primer for A Healthy FutureVon Don JacobsIf we are to emerge from with health from the grave we are digging for our world, it will be because of the Native American wisdom recorded in this book. To learn how Native people gained such wisdom, see my book, PRIMAL AWARENESS.

KurzbeschreibungThe teachings of the Native Americans provide a connection with the land, the environment, and the simple beauties of life. This collection of writings from revered Native Americans offers timeless, meaningful lessons on living and learning. Taken from writings, orations, and recorded observations of life, this book selects the best of Native American wisdom and distills it to its essence in short, digestible quotes perhaps even more timely now than when they were first written. In addition to the short passages, this edition includes the complete Soul of an Indian, as well as other writings by Ohiyesa (Charles Alexander Eastman), one of the great interpreters of American Indian thought, and three great speeches by Chiefs Joseph, Seattle, and Red Jacket.KurzbeschreibungThe teachings of the Native Americans provide a connection with the land, the environment, and the simple beauties of life.
