MAGICAL-ROMANTIC STORY
Von CinamonFirst it's shocking, then amusing, last magical!"It's forbidden for any wizard to train women!"The wizard Richard is very aware of that ancient law when he started teaching Serena.He could keep that relationship secret for nine years, but now the Council of Elders found out. Richard is told to take Serena's power away, but he could not do it, because he knew it would destroy her. It seems he has no choice but doing it, since the Council voted on the ultimate punishment for him in case he wouldn't do it.So Richard decides to travel back in time in order to change the law, risking that Serena will find out the true reason for that journey, he wants her company.In the past they have to do something against the pure hatred between male and female wizards under difficult conditions. Also Richard's true feelings for Serena are coming to his mind, but he still struggles against it.The book deals with sparkling love, trust and faith and it's written in an understandable style.0 von 0 Kunden fanden die folgende Rezension hilfreich. **Spellbinding**
Von Ein KundeImagine a place of enchantment and people that enchant - scenes that bewitch and hold the reader captive - and you have "The Wizard of Seattle". Ms Hooper is indeed a talented writer, however, in this book, she surpasses anything that she has ever produced before. In her inimitable style she weaves a story so enthralling that the reader is actually desolate when the story ends.A wizard with years of training finds someone who has great power and decides to train this being - the only problem is that it is female, and females are not allowed to be wizards. Females are actively hated and distrusted by wizards, so the protagonists take it upon themselves to find out why - and end up in Atlantis just before it was destroyed. Need I say any more???When two powerful forces of come together, a wizard and a sorceress, there is only one outcome - magic.0 von 0 Kunden fanden die folgende Rezension hilfreich. **Poignant Master-Apprentice Relationship**
Von Rhoda LynAfter reading the book excerpt, I hunted and eventually managed to buy this book. And I can say that the book lives up to the excitement the book excerpt generated. The male master (Richard)- female apprentice (Serena) plot captivated me and the sexual tension generated from the frowned-upon pairing was absolutely SIZZLING!Who could resist falling in love with a hero who is the most powerful wizard in the world and yet possesses his own set of lackings which the heroine helps him to overcome? And a heroine who speaks her mind and is considered powerful as well?I couldn't. Could you?
