Von NicoOkay, vielleicht htte ich dieses Buch nicht gekauft, wenn der komplette Klappentext dabei gestanden htte.Hier mal die Teile, die fehlten:"Wolf, a long haired Amerindian/Latino boy struggles to gain the respect and love of his chosen master, by enduring a series of painful and even bloodthirsty tortures and torments, while coming to love his master.Eric, a handsome blond sadist, pushes his slave to the edge of his breaking

point to see if he is the one man he has been looking for his entire life. Both men are forced to come to terms with their pasts as they grow closer together, from just a master and slave, to two men who truly are bound together for life. Confronting tragedy and triumph, master and slave gain respect for each other, as their relationship evolves and grows, from pain and pleasure, to true love. The story contains graphic descriptions of the various tortures the slave has to endure, from whips and chains, to electricity and even fire. Written by an experienced leather man with both a sense of realism and a sly wit, *The Wolf Chronicles* delves into the pleasure and pain of a heavy master and slave relationship, as well as the gentler moments of two men who find themselves falling in love. "Die Story beginnt nicht etwa - wie man es vielleicht erwarten könnte - mit dem ersten Kennenlernen, sondern sofort mit einer sehr intensiven Szene in deren Verlauf Wolf - in Ermangelung eines besseren Begriffs - gefoltert wird und sich am Ende für die sehr detailliert beschriebenen Qualen bei seinem Master bedankt. Nach diesem ersten Kapitel wurde mir bewusst, dass es Menschen gibt, die genau aus solchen Handlungen ihre sexuellen Kicks bekommen. Soll mir recht sein, aber mein Ding war es nicht. Das Buch ist aus der Ich-Perspektive von Eric geschrieben, d.h. man erfährt leider nichts (oder nur sehr wenig) über Wolfs Sicht. Außer dass er sich eben nach jeder Szene für die Torturen bedankt oder nach mehr bettelt. Die ständig wiederkehrenden Worte sind eben "helpless slave", "intense pain" und "extreme torture" und genau das wird auch geboten. Manche Praktiken sind bekannt und vielleicht einfach nur heftiger als sonst, andere empfand ich schlicht als unappetitlich. Aber - wie schon gesagt - das muss ja jeder selbst wissen. Wer seinen Schwerpunkt beim Lesen eher im BD und nicht so sehr im SM sieht und der auch etwas mehr Handlung zwischen den Szenen vertragen kann, dem kann ich folgendes Buch (und die drei Nachfolger) wärmstens ans Herz legen: *Submission (Deviations)* Hier wird beschrieben, wie sich ein Master und sein Boytoy kennen und lieben lernen, wie die Sitzungen an Intensität zunehmen, wie Grenzen gefunden und gemeinsam überwunden werden. Und alles voller gegenseitigen Respekt für die Bedürfnisse, mit langen Gesprächen, mit ordentlichen Vertragsverhandlungen, Safewords etc. Allerdings vom Schmerzlevel nicht mit den "Wolf Chronicles" vergleichbar. Und mir war das auch lieber so... 0 von 0 Kunden fanden die folgende Rezension hilfreich. Very explicit, but very hot Von Bulstrode OK - this book is not for the faint-hearted, but for those men around who really enjoy a hard and heavy BDSM scene. The protagonists, Eric and Carlos Greywolf (aka Wolf), start into a Master slave relationship, with Wolf being a total masochist. Eric trains him to take more and more pain, up to brandings. Both men (of course they both have huge pecs and biceps, but who wants to read about sagging tits and huge bellies) get into some incredibly hot scenes, each chapter is an inspiration for any leatherman around the globe (OK, not all of us have horses around to drag their slaves around with) and is incredibly well-written - congratulations to both the author and the lector. One of the best stories I ever read - looking forward to part 2 of the saga...

Kurzbeschreibung "The Wolf Chronicles" it is not a "novice SM novel" at all. It is constantly presenting vivid and rather graphic images. The author uses the first person to his advantage as you see the love the SIR has for the slave from the beginning. He also uses his writing skills to present torture scenes that make you aroused and make you flinch inside all at the same time. Be Warned. It is a presentation of SM in its harshest most sadistic of terms. There are really few people I would imagine who are capable of writing "torture" scenes and the reader coming away with the emotion of "wow that was intense, I could never do that." but at the same time make you want to keep reading. This is a look into a world that some of us might fantasize about but a very few would be capable of sustaining. It is the true essence of Sadist and Masochist. I have rarely encountered anything like it. Kurzbeschreibung "The Wolf Chronicles" it is not a "novice SM novel" at all. It is constantly presenting vivid and rather graphic images.
