Kurzbeschreibung
What happens when one is both Hunter and Wolf? You know its going to be a bad day when you get shot attwice. Hunter Wolfsbane, Duke of Haverstone, also known as "The Wolf" is having exactly one of those days. Things take a turn for the worse when hes notified that hell be acquiring a partner for his newest mission. The rub? Hes kissed her---twice. In his defense, she was already ruined, but it doesn't help matters that she's the sister-in-law to his best friend--perhaps his only friend. And how does a woman protect her heart from one who has the power to destroy every-thing she holds dear? Lady Gwendolyn has only one thing on her mind--Finding the Wolf and strangling him where he stands. Unfortunately, she needs him to complete one final mission for the Crown and to keep her family safe. It has absolutely nothing to do with her attraction to him, or his golden eyes, or his wicked smile, or the fact that hes convinced to keep his heart encased in ice that is, if he still possesses one
