Von Cynthia Eden : The Wolf Within (Purgatory Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Wolf Within (Purgatory Book 1) (English Edition):

usually, this would be his death sentence, but his boss seems to have other ideas...What started as a sort of "oh gosh, another werewolf horror story!", developed into a more interesting, slightly sombre paranormal mix of whodunit and love story, with a good plot, great characters with a lot of secrets, and an adequate narration style. For my taste, there were too many unanswered questions in the story, or at least, they were answered too late for me to really thoroughly enjoy this in the first half. I am all for keeping tension up and readers on their toes, but this for me was just a tad annoying. All in all though, I quite liked where this was going, and would not mind reading more in this series. 1 von 2 Kunden fanden die folgende Rezension hilfreich. Schnelle Lektüre Von MisterSpock Das Buch liest sich super. Die Handlung ist total actionreich und die Liebesgeschichte sehr sexy. Ideale Urlaubslektüre. Leider ohne den Suchtcharakter, den manche andere Serien ausben.

Kurzbeschreibung FBI Special Agent Duncan McGuire spends his days and his nightstracking real-life monsters. Most humans aren't aware of the vampires and werewolves that walk among them. They don't realize the danger that they face, but Duncan knows about the horror that waits in the darkness. He hunts the monsters, and he protects the innocent. Duncan just never expects to become a monster. But after a brutal werewolf attack, Duncan begins to change and soon he will be one of the very beasts that he has hunted. Dr. Holly Young is supposed to help Duncan during his transition. It's her job to keep him sane so that Duncan can continue working with the FBI's Para Unit. But as Duncan's beast grows stronger, the passion that she and Duncan have held carefully in check pushes to the surface. The desire that is raging between them could be a very dangerous thing because Holly isn't exactly human, not any longer. As the monsters circle in, determined to take out all of the agents working at the Para Unit, Holly and Duncan will have to use their own supernatural strengths in order to survive. But as they give up more of their humanity and embrace the beasts within them both, they realize that the passion between them isn't safe, it isn't controllable, and their dark need may just be an obsession that could destroy them both. USA Today best-selling author Cynthia Eden writes tales of paranormal romance and romantic suspense. Her books have received starred reviews from Publishers Weekly, and her novel, DEADLY FEAR, was named a RITA finalist for best romantic suspense. Cynthia is a southern girl who loves horror movies, chocolate, and happy endings. She has always wanted to write (don't most authors say that?), and particularly enjoys creating stories about monsters-vampires, werewolves, and even the real-life monsters who populate her romantic suspense stories.
