thriller and inspiring wisdom Von Anja There is a testimonial on the backcover by Michael Neill, author of Supercoach, advising not to start the book late at night because one won't be able to put it down. And I second this. Absolutely!! I found the book this week in my mail when I came home from work late one day. And I opened it intending to read only the first few lines which turned into the first few pages, then chapters and all of a sudden it was midnight... You just want to know what Robert Chance and Madison Kerr do next. You'll love to witness their conversations about the case and the life as such. It's a crime thriller and the way Robert Chance goes about investigating what happened after he read about the suicide of his coaching client and friend Tom Dumar is fascinating. You'll turn page after page to see how Chance and Madison develop a deeper kind of relationship. This book is great! A all-in-one package you can read just as a wonderful crime thriller or as a way of getting some coaching tips. In any case you'll probably enjoy it!!

"Grabs you by the scruff of the neck and doesn't let go till the end. Even then this book still hangs with you." Matt Furey An easily devoured book of fresh locales, delicious plot twists and spicy dialogue, topped with a generous helping of suspense, wisdom and romance. Jack Cooper A clever murder-mystery woven with psychological acuity. While highly entertaining, it subtly provides the key to unlocking our own success. yet another masterpiece. Robert Tallon Don't start this late at night because you won't be able to put it down. There's a new Chandler in town, and he's written the most entertaining crime thriller I've read in a long, long time." Michael Neill, Author of *Supercoach* This book had a driving plot, urging me to hurry up and get to what happens next, and then there was the language and wisdom of the characters, calling for reflection, reverie, even urging a lingering pace, drawing out the pleasure of the read. My solution? I read it twice! Dale Dauten, Minneapolis Star-Tribune Desire, deception, death, and dishonesty all is as it should be in Southern California! The real mystery here is why Chandler has kept us waiting so long to unveil his fast-moving, sleuthing debut. I hope there are more skeletons in his closet.
