First in an enjoyable series of 3Von Northeast Texas ReaderA little different story line, instead of some of the more recently overused ones. Not absolutely wonderful, but pretty good. Three sisters inherit a dude ranch in Texas, which turns out to be in less than perfect condition. Sister number one meets her love interest, whose family (grandfather, son, and grandson-all "unlucky" in love and single) owns a neighboring ranch. Grandson helps the sisters get their dude ranch back on its feet, well hooves, by assisting in obtaining gentle horses for the dudes. Looking forward to the other two in

the story line.

Kurzbeschreibung When the Keene triplets pulled up stakes and moved to Texas, they had no idea what they were getting into. The dude ranch they'd inherited was a wreck, plus, the townsfolk were downright hostile toward "that old reprobate Wil Keen's kin." Dani Keene, "the smart one," was determined to succeed regardless. All she needed were some brawny Texas hired hands to put things right. Only one man came forward Jack Burke. Jack was six feet of long, lean, sexy Texas cowboy and the answer to Dani's prayers in more ways than one. Still, she couldn't help thinking he was just too good to be true.
