**Von Jane Retzig : The Wrong Woman (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Wrong Woman (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. romantics will love itVon Kindle CustomerIf you enjoy a bit of mysterious crime sprinkled with romance and not the typical long-legged brunette or blonde, who is undoubtedly the most stunning woman we have ever seen - then you have found your match.The characters are well developed and their motivation is believable. We are shown enough of

their past to understand and feel with them. And they are all very different from each other: Kate the uptight but vulnerable trauma therapist, who is deeply traumatised herself; Naz the quirky hospitality manager; Saskia, with her cute Russian accent (I would have liked to get to know more about her) and sparky and wild Jaiden. Of course you have to believe that it is actually possible to feel this instant attraction, that rocks you to the core, so you are willing to leave everything to rescue the person you love. And you have to believe in coincidence, that lets all pieces fall into place. This means you do need to be a romantic to enjoy the book - it is nothing for realists. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Nice book as such.... Von Spinifex...but I wish the sex scene between Naz and Kate would have actually been written. Especially since I could have used it to wipe out the horrible one between Rachel and Kate. Other than that it could have used more character development but was not bad writing as such. I got a little confused the last third of the book by all the names and couldn't quite keep track who was what but that might have been my own problem. It's definitely worth the price though - I have read a lot worse for a lot more money.

**Kurzbeschreibung**The Wrong Woman - New lesbian mystery romance from Jane Retzig. Kate is a rapidly rising star of the trauma therapy world - London based, shy, uptight, and with an air of aloofness that masks a deep sense of insecurity. When she has to relocate her 'Traumatology for the 21st Century' conference to Horton Hill 'Deluxe' Hotel and Conference Centre in the heart of industrial West Yorkshire, she is understandably horrified by the state of the place. Horton Hill is a mess. The car park looks like the surface of the moon. The pool is a health hazard. And the staff seem incapable of speaking intelligible English. When Naz, the hotel's 'Hospitality Assistant' finds Kate struggling with her luggage, she instantly stops to help. Bright, enthusiastic and hard-working, she is drawn to Kate's barely concealed vulnerability, and desperately wants to make a good impression on the harassed, but undeniably attractive conference organiser. Despite her natural caution, as the weekend progresses, Kate finds herself warming to Naz's kindness and obvious interest in her. But she is unaware that her carefully constructed life back in London is starting to unravel. And when she finds herself accused of a terrible crime, Kate discovers that sometimes friendship and love can be found in the most unlikely of places.
