Lustige ParodieVon Avid ReaderSchon der Titel verrt es - hier handelt es sich um eine Parodie des Romanzen-Genre, die sich aber gerade Liebhabern und Kennern dieser Bcher besonders angenehm erschliesst. Die Namen und die Handlung vereinen in einem einzigen Buch auf sehr unterhaltsame Weise praktisch smtliche Klischees, trotzdem ist das Buch sehr gut geschrieben und nie langweilig.

KurzbeschreibungTheirs was a love that nature never intended. Bigger than Texas. Hotter than Hades. Weirder than a lot of other things you might have read about up until now. Self-made zillionaire Rock Fangsworthy is your typical Texas cowboywell, sort of. Typical in that the only thing this lethally sexy lady-charmer with the hair trigger temper loves more than his horse is his ranch, The Double Fang. Or maybe his boots. Less typical in the fact he's also a four hundred year old vampire with a shocking secrethe can't stand the sight of blood. Buffi Van Pelt is just your average girl-next-door winery owneror is she? The spunky single mom to twin boys also happens to be a winsome werewolf with secrets and troubles of her own. The winery that the gutsy good-girl recently inherited from her grandmother is on the verge of ruin. If Buffi can't find a use for the mysteriously tainted wine before time and her pantry's limited supply of red meat runs out, she and her pups will be left homeless, destitute and very, very hungry. Worse yet, her baby-daddy is the same hunky, bad-boy vampire rancher who's out to steal The Best Little Winery in Bloodsuck from under her paws. Once upon a time their passion flamed hotter'n a summer's night in Dallas with three Cheerleaders and a side of habanero sauce. Tonight, love's lightning might just strike them twicebut only if the wine don't kill them first.
