**Von Q. Kelly : Third (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Third (English Edition):

KurzbeschreibungHelen Franklin is horrified when her dying father leaves her a most unusual inheritance: a woman.

The woman, Anne, is a time traveler with a tragic past. Helen tells herself she does not have time for Anne. Yalia, Helen's wife, has been distancing herself from Helen for three years, and Helen needs to decide if she wants to save their marriage. Then the unexpected happens. A romantic relationship develops among Yalia, Anne and Helen. Can the three of them figure out their lives together, especially when time might be running out for Anne?

ber den Autor und weitere Mitwirkende About meeee....aboooot me. Who am I? I'm Q. Kelly, and this is what my author page says: Fact One: I like corny jokes. If you have any good ones, send them my way! Fact Two: My favorite color is purple, but my writing is gray. Life is not black and white. I often write about issues and characters where there is no "right" answer. Fact Three: I'm weird. I like being weird. Yeah, that's me in a nutshell. If I was small enough to fit in a nutshell, anyway. I'm a writer. I have a bunch of books out and lots more to come (I hope). Most recently, "Strange Bedfellows" won two Rainbow Awards for 2012.
